

FOR IMMEDIATE RELEASE: AUGUST 2024

Breaking Barriers: APAC Payments Excellence Awards 2024 Finalists!

Visionaries Shaping the Future Across 10 Game-Changing Payment Categories

The APAC Payments Excellence Awards proudly announces the [2024 Awards Finalists](#) during the Emerging Payments Association Asia's @Home Event in Sydney this afternoon. The Finalists, the majority of which are from Asia, showcasing groundbreaking achievements across ten pioneering industry payment segments. These finalists embody the cutting-edge of today's advancements and offer a glimpse into the future of payments in the APAC region.

Stephen Benton, former CEO of eftpos Australia and Chair of the Judging Committee, praised the quality received of this year's entries: "The diversity and innovation reflected in the submissions highlight the significant progress being made across the payments landscape. From revolutionary payment technologies to impactful collaborations, cross-border innovations, financial inclusion efforts, and the expanding role of AI, the depth of creativity and forward-thinking in this year's entries has been truly remarkable."

A panel of esteemed judges meticulously evaluated each submission based on defined criteria for their respective categories. The shortlisted finalists distinguished themselves through their innovative approaches, dedication to collaboration, and significant contributions to the APAC payments ecosystem.

These finalists are not only setting new standards but are also merging intelligent concepts with advanced technological solutions, heralding a new and exciting era for the APAC payments industry.

Reflecting on the selection process, May Lam, CIO of Australian Payments Plus and a member of the Judging Committee, noted, "Selecting the finalists was no easy task given the high caliber of submissions. The rigorous standards applied in our evaluation mean that being named a Category Finalist is a significant achievement. Each shortlisted company should take pride in this recognition."

The APAC Payments Excellence Awards program extends its heartfelt thanks to all participants and congratulates the outstanding finalists.

The highlight of the awards program will be the grand announcement of the category winners at the [Gala Dinner Event on October 18th](#), hosted at the iconic NSW Art Gallery.

Those passionate about the future of payments and industry participants alike are strongly encouraged to secure their tickets for what promises to be an extraordinary evening of networking, celebration, and recognition of the foremost innovators in the APAC Payments sector.

About the APAC Payments Excellence Awards program

The APAC Payments Excellence Awards celebrate outstanding payments innovation and excellence in the Asia Pacific region. Our program promotes cross-border and domestic payments innovation by showcasing companies' domestic solutions and initiatives on a regional platform.

Through the awards, we facilitate collaboration and growth in the industry by connecting payments executives from different APAC markets with influential thought leaders and decision-makers. The program is empowered by the Emerging Payments Association Asia EPAA.

About Emerging Payments Association Asia, EPAA

The Emerging Payments Association Asia (EPAA) is a leading membership organisation for innovative businesses in the Asia Pacific Payments ecosystem, including payment

schemes, banks, issuers, merchant acquirers, PSPs, technology providers, and wallets, including industry leaders like HSBC, IBM, Amazon and PayPal.

With a strong membership base, policy connections, a thought leader community, and seats in international task forces, EPAA organises industry-shaping topic discussions, think tanks, and networking events. These efforts deliver member insights, industry frameworks, and submission papers that influence policy and regulation in the region.

The tight-knit EPAA community amplifies the voice in payments, connects business opportunities for our members and drives innovation to reshape the financial payments landscape. Our mission to improve lives everywhere is at the heart of everything we do, inspiring us to push the boundaries of what's possible in the payments industry.
